by NAMITA DHOOT

## INTRODUCTION

Oasis, a contemporary-based summer spring collection, draws inspiration from Zazen, movement, and nothingness. The collection aims to bring forth a sense of calmness and serenity through its minimalist yet elegant designs, offering a respite from the chaos of everyday life.

The collection features loose-fitting silhouettes in soft, flowing fabrics, with a muted color palette of earthy tones, ranging from sandy beiges to deep greens. The designs emphasize comfort and ease of movement, with breathable fabrics like cotton, linen, and silk being used extensively. The designs are created with the intention of being comfortable and versatile, with several pieces that can be mixed and matched to create different looks.

The collection's inspiration from nothingness is reflected in the minimalist aesthetic, with designs that feature clean lines and simple shapes, allowing the clothes to speak for themselves. The collection aims to create a sense of balance and harmony, with each design thoughtfully created to evoke a sense of calmness.
